THANKS TO OUR VOLUNTEERS!

We have been busy out in the fields planting, but still have a lot of work to do! The best days to volunteer are Tuesday and Friday mornings from 7:30-12:00.

FIRST HARVEST

The first harvest is entirely dependent on the weather. It's still too early to tell, but we are hoping to begin distribution the first week of June.

Farm members will be contacted with their pick up dates. Just a reminder that **share balances are due** before the first pick up.
